

Interpreting Your MTLE Score Report

1 Subtest Status

If you received a scaled score of 240 or above, you will receive a “Passed” status. If you received a scaled score below 240, you will receive a “Not passed” status. To pass the entire test, you must pass each subtest.

2 Your Subtest Score

The total subtest score is based on the number of raw score points earned on each section (multiple-choice section and constructed-response section); the proportion accounted for by each section, if applicable; and the scaling of that score. Raw scores are converted to a scale of 100 to 300.

3 Passing Score

To pass each subtest, you must obtain a minimum passing score of 240 or above.

4 Subtest Diagnostic Information

Diagnostic information is provided for all subareas of the subtests taken on the test date indicated. Refer to the test framework for a description of subarea content.

5 Multiple-Choice Information

Performance on each multiple-choice subtest is based on the number of questions answered correctly; points are not “lost” for wrong answers.

6 Constructed-Response Information

Scorers judge the overall effectiveness of each response using a score scale and a set of performance characteristics. Refer to your score report and the preparation materials for more information.

7 Performance Indices

Performance indices provide information on your performance on each multiple-choice subarea and constructed-response assignment and may help you assess your strengths and weaknesses.

8 Reporting

Your results are automatically reported to the Minnesota Professional Educator Licensing and Standards Board. The Minnesota institution(s) listed receive your results as you indicated during registration.

9 Passing Status Summary Report

This section lists each subtest you have passed to date and the date you passed the subtest. Each subtest you have taken but did not pass is noted as “Not Passed.” Each subtest you have not yet taken is noted as “Not Taken.”

*Please note that you may also be responsible for submitting a copy of your score report with your license application.

Your passing status is based upon the passing standards in place on the date you tested. The Minnesota Professional Educator Licensing and Standards Board reserves the right to review and make changes to the minimum passing scores for the Minnesota Teacher Licensure Examinations (MTLE) at a future date. Licensure applicants must meet licensure requirements, including the minimum passing scores for the required MTLE tests, which are in effect at the time of license application.
